Pennies for Patients starts today! This fundraiser is for the Leukemia and Lymphoma Society that helps cancer patients and their families! Bring some change at lunch and put it in your class' jar! Any change is positive points and paper money is negative points! If we raise \$400 collectively, the winning class gets a pizza party! You can also donate online to a specific class. Any online donations count as positive points so get the word out and ask friends and family to donate too! The links are below.
